### **Suffolk, VA - July 8, 2009**

*Amadas Coach completes the first custom Prevost factory 4-slide H3-45 motorhome.*

This spacious new coach was custom built for a repeat Amadas Coach client, and features some innovative new concepts. The coach's avant garde exterior design is by Troy Lee Designs of Corona, CA, well known in the racing industry as the premier custom helmet paint designer. The cutting edge exterior has no chrome accents, all trim and door handles are painted to blend in, and striking black wheels. The beautiful contemporary interior features soft finishes, heated wood floors, and sharp accents from gloss black architectural millwork to illuminated 3Form panels.
